

2024 OPRC Swim Lesson Information

Thank you for taking an interest in our swim lesson program. We hope the following will answer any questions you may have. We believe that with patience, positive encouragement, and frequent repetition of skills, your child will have a happy, safe, and successful swimming experience. It is normal for a child to remain at the same level for several sessions, especially at the Preschool level. It is not realistic to expect that a preschool non-swimmer will “learn to swim” in one session of lessons. Each child that participates is a success. Repetition of skills is important, and we encourage you to practice with your child.

To serve you better we have developed a few guidelines:

- Most children respond better to their teacher and learn more when their parents are out of sight.
- If, after two lessons, we find that your child is not ready for swimming lessons, we will recommend that the child start lessons when they are older and refund the full lesson fee to you.
- If a lesson is canceled due to weather, it will be rescheduled at the earliest opportunity. No lesson will be made up due to the participant's illness.

Thank you for choosing Carolina Pool Management’s swim lesson program for your child’s swimming experience. If you have any questions, please feel free to approach the swim lesson coordinator or swimming instructor. Carolina Pool Management values your opinions and concerns. Please notify us with any comments.

3 S's for Swimming Safety this Summer

Supervision

Suit-up in a Life Jacket

Swim Lessons

Important water safety S's to stay safe and have fun in, on, and around the water as the summer heats up.
