

## THE OPRC CAMP PHILOSOPHY

Our camp objective formulated by John Meyer, Tennis Director, is to help produce a generation of kids who love to play the game of tennis. The key ingredient in fostering a love of the game is FUN + STRUCTURE. The younger and more inexperienced the player, the more we strive to make the activity “game” oriented. This not only makes it fun, but provides the practical knowledge necessary for future learning. Of course, our OPRC campers are always instructed in the proper grips and stroke techniques. As much as possible, we put players into playing situations appropriate to their age and ability levels.

Most of our counselors are collegiate, club level and high school players from around the Charlotte area. They work underneath our Staff USTPA/PTR certified tennis pros. Our counselors work in a structured, organized system with manageable student/pro ratios. We find that knowledge acquired through play (while having fun) makes our campers more eager to learn the techniques that can help them play better. Beyond the tennis success, we are most proud of the care and concern our outstanding staff takes with each and every camper.
